Objective:

Passionate and experienced full-stack developer with a strong background in creating startups and managing projects. Recently completed a certificate in full-stack development from Berkeley Bootcamp. Seeking a challenging role as a frontend or full-stack developer to contribute my skills in Node.js, SQL, JavaScript, APIs, HTML, CSS, and Git to develop innovative and scalable web applications. Committed to delivering exceptional user experiences and driving technological advancements.

Skills:

- Front-End: HTML, CSS, Bootstrap, JavaScript/ES6, jQuery, AJAX, DOM manipulation
- Back-End: Node.js, Express.js, MongoDB, Mongoose, MySQL, Sequelize ORM, NoSQL
- Full-Stack Frameworks: MERN Stack (MongoDB, Express.js, React, Node.js)
- Version Control: Git
- Deployment: Heroku
- Testing: Unit testing, Test-driven development
- Project Management: Agile development, Team Collaboration
- Other: JSON, APIs, MVC paradigm, Object-oriented programming, Progressive Web Apps

Education:

Berkeley Bootcamp Full Stack Program, Berkeley, CA (March 2023 - August 2023)

- Completed intensive full-stack development program at Berkeley Bootcamp, gaining expertise in modern web development technologies and frameworks.
- Proficient in front-end tools such as HTML, CSS, Bootstrap, JavaScript/ES6, jQuery, AJAX, and DOM manipulation, as well as back-end technologies like Node.js, Express.js, MySQL, Sequelize ORM, and NoSQL databases.
- Experienced in building end-to-end web applications using the MERN stack (MongoDB, Express.js, React, Node.js) and following the MVC paradigm.
- Skilled in agile development methodologies, collaborating effectively with cross-functional teams to ensure project success.
- Strong problem-solving abilities demonstrated through unit testing and test-driven development practices.
- Committed to continuous learning, keeping up with the latest trends and tools in web development.

Webmaster Courses, Educational center "Success," Ukraine (March 2014 - July 2014)

Completed webmaster courses, learning web design and development from scratch.

Master in Finance, National Academy of Statistics, Accounting, and Auditing, Ukraine (2003-2009)

Obtained a Master's degree in Finance, providing a strong foundation in financial principles and analysis.

Work Experience:**Founder and Project Manager, Itcreative Web Studio, Ukraine (2014-2019)**

Starting from freelance web development, grown into a web studio managing multiple projects in parallel, distributing work to multiple freelance developers, and collaborating with multiple clients to provide innovative web solutions and deliver high-quality projects on time.

Founder, Finder IoT Startup, Ukraine (2016-2017)

Established and led an IoT startup, handling product development and business strategy, resulting in participation and recognition in startup competitions.

Sales Manager, Company Prodex, Ukraine (2007-2014)

Managed wholesales, developed sales strategies, and fostered strong client relationships.
